PROFESSIONAL EXPERIENCE

Senior Software Engineer

Yara International, Bengaluru – January 2021 – Present

Yara Connect – Retailer loyalty Program

Yara connect is a retailer-focused project that offers a loyalty program for retailers selling Yara products. The program provides exclusive rewards and benefits to retailers, fostering increased sales and building stronger partnerships.

The web platform empowers the admin to efficiently manage reward points, product offerings, and retailer engagement.

Senior Software Developer

Quantiphi Analytics Pvt Ltd, Bengaluru – May 2019 – January 2021

1. Real time Cart Conversion

Implemented real-time cart analysis for e-commerce, boosting a sales and reducing cart abandonment by predicting the cart abandoners and providing personalised offers to users.

2. VI Bot – Personalized Recharge Assistant

Developed VI Bot, an innovative project enabling users to recharge their accounts through conversational calls with the bot. Additionally, the bot shares personalized offers and incentives, enhancing user engagement and satisfaction.

Associate Software Developer

Symphony Talent & Harman Connected Services – Bangalore

Nov 2016 – May 2021

M-Cloud – Automated Job Ad Campaign Manager

M-Cloud is an advanced project designed to streamline the process of creating and managing job ad campaigns on multiple job boards. It optimizes media budgets automatically based on campaign performance, saving valuable time for recruiters while maximizing the effectiveness of job postings.

PERSONAL PROJECTS

Vzykart – Ecommerce App

Vzykart is a user-friendly ecommerce application accessible on Android, iOS, and web, built with React Native. Tailored for Village users with regional language support, it offers a simple and convenient shopping experience, bringing a wide range of products right to their fingertips.

AVS – Ayya Vaikunda Swamy App

The AVS app promotes Ayya Vaikundaswamy religion, spreading its teachings and values. It allows users to discover and add nearby temples, fostering a sense of community among followers.
